PIV IDENTITY DOCUMENTATION CRITERIA

1. Two forms of identification are required from the above list of acceptable documents. Either of the following is accepted:
 - a. Two forms of identification from the left column (Federal or State Government issued picture ID).
 - b. One form of identification from the left column (Federal or State Government issued picture ID) and one form from the right column (Non-Picture ID or Acceptable Picture ID not issued by Federal or State Government).
2. The following rules apply for form identification:
 - a. Any form of identification used for ID proofing may not be expired (except U.S. Passport)
 - b. Department of Veterans Affairs site/facility badges are not accepted as a valid form of identification.
 - c. VA PIV Cards are federally issued ID cards and can be used as a valid form of identification.
 - d. Handwritten or photocopied documents are not accepted.
 - e. An ID issued before a legal name change (e.g. birth certificate or driver's license) can be presented as one form of ID if a legal document (e.g. marriage certificate/license or a court order) is also presented linking the previous name to the current legal name. The linking document has to display both the former and current legal names. Both documents must be valid and not expired (except U.S Passport). For example, a married woman may use both a certified copy of her birth certificate displaying her maiden name and a driver's license displaying her married name as the 2 forms of ID compliant with PIV Guidelines, as long as she provides a marriage license displaying both her maiden name and married name.
 - f. The Applicant's name listed on the VA PIV Registration Portal, Request for One-VA Identification Card, must match the name on one of the IDs presented by the Applicant.
